

Get the knowledge you need to look after a child with type 1 diabetes

Who is this course for?

This course is aimed at anyone working in schools or other settings where they may come into contact with children and young people who have type 1 diabetes.

This course is CPD accredited.

What will you learn?

The aim of the basic course is to give you an awareness of what type 1 diabetes is and how to support children and young people with the condition. The advanced course gives further information about checking glucose levels and how to administer insulin.

For further information and to sign up for the free course, please visit: jdrf.org.uk/schools

This free online course has been created by Virtual College with subject matter experts from JDRF and Children and Young People's North Diabetes Network.
